	Targets	Points	
	Total	Total	Place
	Broke	Points	

**Place** is not based on the total number of targets broke, rather where you placed in each of the three events. Example: 1st place in S.C. is 1 point, 1st place in Pigeon Ring is worth 1 point and 1st place in 5 Stand is worth 1 point. Best total point score would be 3 points. This method evens out the three events since there are more targets in S.C. than the other 2 events.

ZAPITELLO, PAUL	89	144	49

### Main Event Place

#### By Points

**Place** is not based on the total number of targets broke, rather where you placed in each of the three events. Example: 1st place in S.C. is 1 point, 1st place in Pigeon Ring is worth 1 point and 1st place in 5 Stand is worth 1 point. Best total point score would be 3 points.

This method evens out the three events since there are more targets in S.C. than the other 2 events.

BESHADA, DUANE	53	270	101
BEASLAND, SHERRY	49	280	102
AXT, LYLE	48	295	103
JOHNSON, DAVE	38	300	104
HOLTER, JAMES	49	303	105
BRYANT, GREG	45	305	106
BONG, KEITH	40	309	107

**Place is Main Event Place** total number of targets  
 broke, rather than **By Points** you placed in each of the  
 three events. Example: 1st place in S.C. is 1 point,  
 1st place in Pigeon Ring is worth 1 point and  
 1st place in 5 Stand is worth 1 point. Best total point  
 score would be 3 points.  
 This method evens out the three events since there  
 are more targets in S.C. than the other 2 events.
